good reasons
to buy...

1

5 Year Warranty

Reliability. That's probably top of your list when buying an air conditioning system for your home or business.

Daikin gives you peace of mind and reassurance with their 5 year warranty. The 5 year Daikin warranty is applicable to domestic and 'SkyAir' products purchased and installed in Australia and New Zealand.

That's how confident Daikin is about the quality and reliability of its products.

2

Wise Investment

When you buy a Daikin air conditioning system you need to look beyond the initial purchase price to ensure you're making an investment for the future.

It pays to consider ongoing running costs, in conjunction with the potential life of the product. Daikin systems offer superior build quality and energy efficiency.

3

Energy Efficiency

Daikin's continuous drive for improved energy efficiency has seen its advanced inverter technology being applied to split, ducted and other systems. These systems provide a more comfortable environment and offer savings in energy consumption, when compared to non inverter systems.

4

Available through specialist dealers

Daikin distributes its products through specialist dealers and approved Electrical Authorities. This ensures that you receive a top quality product, with top quality installation and support. Together this means the right air conditioning solution for your needs.

Sustainable Development

Daikin continues to work towards a sustainable future, including our own Environmental Management System (ISO14001). Daikin Australia and New Zealand are dedicated to preserving and protecting the environment. We continue to strive towards achieving goals and objectives to reduce our impact on the environment.

6

After Sales Support

Daikin takes pride in providing its customers with effective and efficient after sales support, including readily available spare parts.

Daikin has a large and experienced team of fully qualified service technicians, and a wide network of authorised service agents to take on the service demands of the market.

7

A Market Leader

Daikin has been providing air conditioning solutions to the Australian market for over 40 years.

As one of the industry's more trusted names Daikin air conditioning equipment can be found in homes, offices, hotels and shops. Daikin is committed to the air conditioning market and has recently established its first full manufacturing facility in Sydney. When purchasing locally developed units, you are contributing to the Australian economy.

Asthma Council Exclusive Acceptance

Daikin is proud to be the only air conditioning company authorised to display the Sensitive Choice butterfly symbol on its range of Split System air conditioners and Air Purifiers.

The Sensitive Choice Program was introduced by the National Asthma Council Australia and the Asthma & Respiratory Foundation New Zealand.

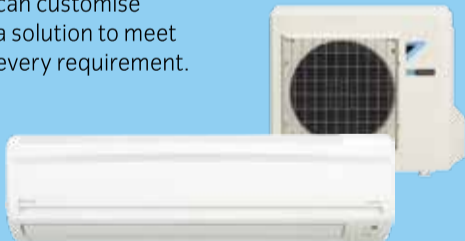

This exclusive acceptance reflects the advanced technology, innovation and quality of Daikin products.
